## COMPASS

It's counterintuitive to some, but constraints can create clarity.

### Barriers to innovation and sustainability in universities: an international comparison

This process is slow, but the information that eventually gets through represents only a part of the original message. Make sure you have a plan and a system for handling the large amount of data that comes in. In identifying the barriers to innovation, he pointedly observed, one need not look any further than to the participants in the workshop, who included the leadership of many U.
