Domestic Tyranny: The Making of American Social Policy Against Family Violence from Colonial Times to the Present.

## 24 Important Battered Women Statistics

Coercive control is when one person uses a variety of IPV tactics to control and dominate the other, with little empathy; victims often resist with physical violence. They are also likelier than men to use intimate partner violence in. Medication may be discussed with the woman when appropriate, but it is important for her to contribute to any decision so that she feels more in control of her life.

## DOMESTIC VIOLENCE/BATTERING

In a national study of youths aged 10 to 16 years, more than one-third reported having been victims of sexual or physical assaults. Again, most legal systems fail to criminalize circumstances where a wife is forced to have sexual relations with her husband against her will. Pregnant women are also at high risk of battering.
