As with the korama, after the jihad, the concubine who served as mai-kudandan was replaced by a male slave. As a geologist I had been trained to examine aerial photographs for evidence of geological movements such as faults and folds and their temporal sequencing, the latter determined through analyzing crosscutting relationships between them. The ciki had changed dramatically.

For those of us involved with the project in various ways since its beginning, our satisfaction and relief at the materialization of a book at the end of it all are matched only by similar feelings of the author. Grains as tribute meant that the concubines were the ones keeping track of which farms had paid tribute and which ones were late. Nasiru, a scholarly modern man who works in IT and drives a Corolla, took my surprise in stride.
