depletion of natural capital.

Ocean Action

Lenders should not use corruption or coercion to facilitate a borrowing commitment as it undermines the principles of transparency, accountability, and sustainability. A study concluded in 2007 that knowledge, manufactured and human capital health and education has not compensated for the degradation of natural capital in many parts of the world. Dr Bucki holds a PhD, and Engineering degree, from the French National School for Forest and Water Management.

Six steps to achieving the Sustainable Development Goals

He is a life member of the Association of Physicians of India, Indian Chest Society and the National College of Chest Physicians of India. We recognize that there is scope to improve the arrangements for coordination between public and private sectors and between debtors and creditors, to minimize both creditor and debtor moral hazards and to facilitate fair burden-sharing and an orderly, timely and efficient restructuring that respects the principles of shared responsibility.
