12 Remedies for Fatigue & When You're Feeling Tired

I had no time to take care of me, and, of course, nobody else is going to. If you must leave your home, keep a distance of at least 6 feet between yourself and other people.

ME

Cover with hot water and steep, covered, for 10 minutes. Try a layer of lightweight clothing, and one lightweight blanket or sheet for sleep. A psychologist from Africa with whom I once spoke at an international psychology conference explained to me that in his country, it was common to assess people in terms of both physical age and emotional age.

Flu

If you feel you might be mentally ill, you should be very open and honest with what symptoms you're feeling.

10 Signs of Walking Depression: When You're Really Unhappy But Keep Going Anyway

I was only able to put myself on the list and not spend my days doing things I dreaded because I should when I realized I also had to role model happiness and how to get it... And not just achievement.

How to Stop Feeling Tired

Well today I think he has dropsy. But always tell me that I am not stuck and that I can change.

Coronavirus and COVID

Nothing alarming- didnt look like ick, and was extremely small. Work is so hard to find, I am never quitting this job. Specifically to what you wrote though...my life was similar.

Symptoms of Coronavirus

In the study, 36 sedentary young adults did either low-intensity or moderate-intensity exercise over a period of six weeks.
