### Namibia International Travel Informaiton

The lowest point in the country is the Atlantic Ocean at 0 m or sea level. For environmental reasons, try to avoid buying bottled water.

### Namibia Tours & Travel

The Ministry of Environment and Tourism, with financial support from organisations such as USAID, , , and Canadian Ambassador's Fund, together form a Community Based Natural Resource Management CBNRM support structure. According to the Namibia Labour Force Survey Report 2012, conducted by the , the country's unemployment rate is 27. The area receives a significantly greater amount of precipitation than the rest of the country, averaging around 400 mm 16 in per year.

### Namibian Sun

Car rentals or radio taxis taxi service called in advance through established companies are generally the best means of transport but may be more expensive. As the area behind the coast is a desert, these winds can develop into sand storms, leaving sand deposits in the Atlantic Ocean that are visible on satellite images. You may use a U.

### Namibia Tours & Travel

Most insurance policies will not cover accidents that do not involve other vehicles or animals.
