When you read the text, a few notable themes and ideas should be jumping out at you right away, this will be the springboard into understanding the perspectives around the text.

**Intro to Marxist Literary Theory**

In literary theory, a Marxist interpretation reads the text as an expression of contemporary class struggle. The professor then situates the emergence of literary theory in the history of modern criticism and, through an analysis of major thinkers such as Marx, Nietzsche, and Freud, provides antecedents for twentieth-century theoretical developments.
