The silver lining may be what these vicious storms reveal.

Storms chasers: One of the world's most dangerous jobs

Fellow chasers Carl Young and Tim Samaras were killed by a tornado in May, 2013.

Extreme Explorations! Ser.: Chasing the World's Most Dangerous Storms by Clive Gifford (2010, Trade Paperback) for sale online

These models do a decent job of helping chasers hone their target a bit more. The mountain is also prone to sudden storms. Bill Paxton and Helen Hunt in the movie Twister.

Extreme Explorations! Ser.: Chasing the World's Most Dangerous Storms by Clive Gifford (2010, Trade Paperback) for sale online

A tornado and a rainbow appeared simultaneously near one Texas town on Friday At its root, storm chasing is as much an art as it is a science, requiring a skill set that gets honed only after years of experience. It takes endless hours of driving, thousands of dollars, tens of thousands of miles on your vehicle and days or sometimes weeks off work, all for a few chances to roll the dice and gamble on a good storm.

Chasing the world's most powerful thunderstorms

The father-of-three chases storms annually during the last two weeks of May and says he goes wherever the storms form, often covering more than 6000km during that time. Source:AP Tornado season has been this year, with Oklahoma being the hardest hit, leaving two dead and reducing

homes to splinters.
