Gendered Political Economy: Production and Reproduction

Inside organized racism: Women in the hate movement.

SAGE Reference

Sister outsider: Chapters and speeches. Changing organizational form to avoid regulatory constraints: The effect of mandatory gender balance in the boardroom. We also show that many scholars, influenced by feminism in its various different forms, see their work as challenging these inequalities and use standard methods and approaches as well as those that are more experimental or innovative.

Legislating a Woman's Seat on the Board: Institutional Factors Driving Gender Quotas for Boards of Directors

One consequence of this has led anthropologists to emphasize hierarchies, conflicts, and tensions within communities. Different intellectual traditions often have fundamentally different assumptions and epistemologies, which can lead to basic misunderstandings among scholars about the nature of knowledge Flyvbjerg 2001.

Achieving policy impact with political economy research: frameworks, applications, and lessons learned

Indeed, as part of the interdisciplinarity of the gender and politics scholarship, it is not surprising that it can draw on and bring together insights from gender scholars working in a range of disciplines including development studies, economics, international relations, international political economy, sociology, and social policy as well as feminist theory and analysis more generally.
