## Speech on Campus

Every member of the University involved in teaching and research activities is expected to conform to the highest standards of honesty and integrity. They hold before them the best scholarly and ethical standards of their discipline.

## ADA Principles of Ethics and Code of Professional Conduct

If a college or university usually allows students to use campus resources such as auditoriums to entertain guests, the school cannot withdraw those resources simply because students have invited a controversial speaker to campus. In general, these organisations do not provide advice on individual cases.

## Speech on Campus

Let me return to a question that I raised in and : Should Catholics accept a vaccine that has been developed using fetal tissue from abortions? The moral development of students does not depend primarily on explicit character education efforts but on the maturity and ethical capacities of the adults with whom they interact—especially parents, but also teachers, coaches, and other community adults. How institutions should operate in levels 0-2 is set out below: Level Colleges Universities 0 As per the guidance above with the possibility of more on-campus activity if that can be done within FACTS guidelines.

## Speech on Campus

Since Catholic moralists have expressed contradictory answers to this question, let me try to offer a bit of clarity. If research participants or clients are not competent to evaluate the risks and benefits of participation themselves—for example, minors or people with cognitive disabilities--then the person who's giving permission must have access to that same information, says Koocher.
