The Effect of Floorball Training on Health Status, Psychological Health and Social Capital in Older Men

Eronen J, von Bonsdorff MB, Törmäkangas T, Rantakokko M, Portegijs E, Viljanen A, Rantanen T.

Sport and ageing: a systematic review of the determinants and trends of participation in sport for older adults

They confessed that they waited too long before asking for help.

Sport participation and positive development in older persons

Four studies were non-specific to older adults, but reported age specific data, whilst four studies focused solely on the older adult age group. Even though the men knew what meaningful activities were for them, they might need a push to get started with new routines. The men learnt about risk factors when ageing.

Physical Activity Intervention for Loneliness (PAIL) in community

Patients with osteoporosis often break bones that others would not because their bones are weaker and more brittle due to their bone loss. Ayrıca katılımcıların aldığı ortalamama puan sporcuların başarıdan kaçınma güdüllerinin de orta seviyelerin üstünde olduğu gözlemlenmiştir.

Sport participation and positive development in older persons
