Interior Architecture Glass Surface

Russian artist who was among the most influential designers for the Sergei Diaghilev's Ballets Russes Company between 1909 and 1921 influenced the formation of the early Art Deco aesthetics. For two decades, between 1915 and 1937, his works were on the covers of Harper's Bazaar and appearing in other leading fashion magazines like Vogue and Cosmopolitan. His somewhat utopian designs, often characterized by the heavy use of reinforced pre-cast concrete, paved the way for Brutalism, a super-functional style of urban and campus architecture which has not aged well.
