## The Life of Dylan Thomas, the famous Welsh poet

Following a short-lived position as a junior reporter at the South Wales Daily Post at the age of 16, Dylan left the newspaper to concentrate on his poetry, working as a freelance journalist when the need arose. This poem-play is not a drama but a parade of strange, outrageous, and charming Welsh villagers. His early poems are relatively mysterious and complex in sense but simple and obvious in pattern.

## Dylan Thomas Biography

We are probably the only species that are aware of our own demise. The Notebook Poems Dylan Thomas: The Notebook Poems 1930 — 34, edited by Ralph Maud London: Everyman, 1999 Twenty-Five Poems 1936 Published two years after his first collection, Dylan again mined his notebooks for Twenty-Five Poems.

## Dylan Thomas

His later poems, on the other hand, are simple in sense but complex in sounds. This poem was published in 1952 in the volume, Collected Poems, 1934-1952. With this in mind, a reader can assume that in the text Thomas is looking back on his own childhood and trying to understand youth and innocence.

## Dylan's Work

By this time Thomas was being hailed as the most spectacular of the surrealist poets, or poets who used fantastic imagery of the subconscious in their verse. Thomas makes use of imagery, linking happiness to peace, quiet, and nature. He attended the Swansea Grammar School, where he received all of his formal education.

## The Life of Dylan Thomas, the famous Welsh poet

This piece was first published by Dylan Thomas in May of 1933 in New England Weekly.
