## If You're Happy and You Know It Lyrics

Overall the novel was quite the surprise and a surprisingly great escapist book. The plot is filled with both humor and shocking twists, but somehow they flow perfectly - what starts out as a subtle mockery of privileged moms quickly morphs into a domestic thriller, which is both unexpected and positively fun. If you're happy and you know it, And you really want to show it, If you're happy and you know it, Jump about.

### Happy & You Know It by Laura Hankin

I received a copy from the publisher. While there is some humor in the book, I actually was surprised that it was a thought-provoking novel. If you're happy, happy, happy clap your hands, clap your hands.
