## Jun Shiomi

Stagiaire Main article: Following the week after the Autumn Election's conclusion, Jun welcomed Sōma and Ryō, who made numerous trips to her seminar to evaluate each others' dishes, much to Akira's annoyance. Later, as Shisui prepared to make his move, , believing that simply manipulating the Uchiha's leader wouldn't end the conflict and that he would eventually try to manipulate him as well, chose to take Shisui's eyes for himself in the desire to protect the village in his own way. A further testament to his prowess is the fact that wanted to him for the but was unable to find a sufficient DNA sample for it.

## Yukinori Shinohara

Any of the four boys from Prison School would've made a better protagonist. Although if it's really true that the author came up with the idea for Shimoneta when he was drunk like he claims to, then that only makes the whole thing even more peculiar. Otherwise, a pincer attack on the wards between the 11th and 20th ward could not be avoided.

It's a dick of show that can shove itself up it's own ass. Despite leaving a note, claiming that he was tired of carrying out the clan's duties, the police suspected that Itachi had murdered him and used his to forge the suicide note, since suicide was very unlikely for someone of Shisui's character.
