## Mental Health Services Act (MHSA)

A scientifically defensible corpus of treatments, services, and preventive interventions now exists. These studies can thus yield important policy-relevant data that can inform treatment planning decisions at local, State, or Federal levels Burns, 1999. Support for methodology development, especially the analysis of longitudinal data where the phenomena wax and wane, is needed via program announcements or conferences.

## Mental health strategy 2017

These and other behavioral health conditions also have hidden costs, decreasing productivity and increasing sick-day use, for example. Our ability to create a promising future for the country depends, in part, on our ability to ensure that all children have the opportunity to meet their full potential and live healthy, productive lives. Health related issues that influence mental health also include toxic exposure, nutrition, and sleep, among others.

## NIMH » Blueprint for Change: Research on Child and Adolescent Mental Health

Traditionally, most of the information about behavioral health care has come from the public system.

## Homelessness Programs and Resources

The principle of community-focused care set out in Putting People First 1993 was endorsed by the government, but the Newman report noted that at the five-year mark, funding had not yet been allocated to implement needed reform.
