### Get Help with Government Contracting

As a consequence, the most severe and economically damaging congestion occurs within metropolitan regions.

### Get Help with Government Contracting

Along with greater funding flexibility, the federal government should hold grant recipients to a higher standard regarding the ultimate performance outcomes from their investment decisions. High-poverty, disadvantaged communities generate a disproportionate share of the Americans behind bars.

### Expanding opportunities for women's leadership

However, realising the transformative potential of modern energy access is likely to depend upon identifying and addressing the unequal relations and structural barriers that exist, and incorporating these into the design and implementation of energy policies. Furthermore, their families also lose economic and social support.

### Expanding Opportunities for Women and Girls of Color

The effects of living in high-poverty communities—such as poor health and educational outcomes, as well as limited employment opportunities—are far reaching and generational.
