Mirjam Thulin shows the Wissenschaft des Judentums scholar Markus Brann 1849—1920 reaching out from the economic and cultural collapse of post—World War I Breslau to the hale and wealthy American diaspora. As such, analysis of the Gener affair adds a helpful corrective, exploring the paradoxical rise and creative development of religion at a time when standard models of secularization suggest that it should have declined. This proposed model of polemic, on the one hand, and dialogue, on the other, exemplifies the diverse response by Jews in the land of Israel, and later the province Syria—Palestine, to Roman culture and religion.
