How can we encourage boys to read for pleasure? Teachers give their views

Young Adults/Teens

This list is presented in solidarity with Dreamers, immigrants, and undocumented people everywhere. This list, which is divided into books for 0-5 year-olds, elementary school students and middle schoolers, includes recommended informational picture books, as well as works of fiction and non-fiction that challenge gender norms and explore the wide spectrum of gender identity.

Why Your Kid Should Read Banned Books

So what do teachers think we need to do to ensure more boys enjoy literature? I do hope that this author does better in the future, better for our children and their future. Cancellations are immediate and you will lose all access to all of the resources in Guided Readers.
