The spiritual divide persists regardless of levels of religiosity. Remember that your message may not equate with the statement you choose, that your position is conveyed through the entirety of your visual.

Religion and Secularism: The American Experience

I mean the no religions.

I want to get to those Long-Term Trends in the rise of secular voters in America in a second, but before we leave the Johnson amendment, just in case people have any any questions about it. Americans who are neither spiritual nor religious are about equally likely to identify as independent 34% as Democrat 36% ; only 20% are Republican. I mean, this is something that religious right has been pushing for any number of years.
