Strategic planning

There was a public examination of the Minerals and Waste Plan in June 2012 and March 2013 Plan. However, in March 2013, most of the South East Plan except for Policy NRM6: Thames Basin Heath SPA was revoked. Chicago Human Rhythm Project CHRP is pleased to announce the appointment of Emmanuel Neal as the organization's new Interim Managing Director as a part of its strategic.

Development Plan

Specific development proposals for the sites identified in the Plan will, however, need to gain planning permission before development can take place. South Hampshire also has immense natural advantages including strengths in key economic sectors, world class universities, renowned heritage, countryside and coastline, and excellent transport links by road, rail, air and sea. The most recent PDF 3.

Plans and Policies

Regional planning policy The was adopted in May 2009. As a result, the South East Plan now consists solely of , which relates to the Thames Basin Heaths Special Protection Area.
