How Many Countries Are There In Europe?

Moldova is also the poorest country in Europe as a whole. While only the codes for Europe are covered here, these are designated for every continent.

Europe news

Germany is the most populous country of Western Europe, with a population of more than 83 million, while the small principality of Liechtenstein has just over 38,000 people living within its borders. These codes, like airport codes, are typically used by the , among other organizations. The European colonial period, the 1500s to the mid-1900s, was the era when the European powers mentioned above established colonies in Asia, Africa, and the Americas.

Europe Map / Map of Europe

Divided into different regions as per the UN Geoscheme for Europe , there are 9 countries in Western Europe, 10 countries in Eastern Europe, 15 countries in Southern Europe, and 10 countries in Northern Europe. A larger version of this map Europe Rivers Map.

List of Europe Country Codes

Now that you know how the codes are broken down, we will look at the different codes for countries in the 27 countries of the European Union along with other countries on the European continent. European Russia comprising roughly 3,960,000 sq.
