# Variety of intelligent learning in a general problem solver

RAND Corporation - Introspection in AI

Description: -

-variety of intelligent learning in a general problem solver
-variety of intelligent learning in a general problem solver
Notes: Presented at the Interdisciplinary Conference on Self-Organizing Systems, the Museum of Science and Industry, Chicago, Illinois, May 5, 6, 1959.
This edition was published in 1959

The General Problem Solver

Winston1970: Patrick Winston, Learning structural descriptions from examples, AITR -231, PhD thesis, Cambridge,Mass. The objective is to reach a specified goal state similar to the goal state, as shown in the below figure. Shaw, and Herbert Simon create the Logic Theorist, the first-ever running AI software program.

Soar (cognitive architecture)

When I came down I turned and the dog was smiling - big, with his mouth open and breathing in audible breaths. Dobie walks up behind me and pushes his nose in my behind causing me to jump. GPS General ~, an early program for in several application domains.

Problem Formulation in Artificial Intelligence (AI)

The NNs also exhibited interesting developmental stages, incrementally moving from apparently simple self-invented problems to more complex ones. Pyrenees have been guarding and shepherding independently for centuries.

General Problem Solver

Affective Neuroscience , Oxford, 1998, ISBN 0195096738. Artificial intelligence, machine learning, deep learning. PROBLEM-SOLVING STRATEGIES When you are presented with a problem—whether it is a complex mathematical problem or a broken printer, how do you solve it? This is a measure of what a dog can learn to do for himself.

Machine learning and problem solving: artificial intelligence test

. Image Source Well-defined Problems and Solution Problem solving components discussed above are applicable to any problem.
